

I would like to let you know that I want the current law upheld because if they had already done business with me I would accept their calls but I already get plenty of junk mail from banks and credit card companies I do not need to have my phone tied up listening to telemarketers trying to get me to buy their services or sign up with them. Most of these telemarketers are pushy and will not take no for an answer. I try to be nice but most just insist on trying to sell. Please do not allow this. Thank you.
